GET UP!

That's the morning call of Chanticleer. It's a welcome cry to a well man. But to a man whose sleep seems to have been only an unrefreshing stupor; who wakes with burning eyes, throbbing head, and a bad taste in the mouth, it means only a new day's misery.

In such a physical condition health is most surely and swiftly restored by the use of Doctor Pierce's Golden Medical Discovery. It cures diseases of the stomach and organs of digestion and assimilation, and it cures through the stomach diseases of liver, lungs, kidneys, etc., which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition. It increases the activity of the blood-making glands, and every organ is benefited by the resulting increase of rich, pure blood.

"Golden Medical Discovery" contains no alcohol and is entirely free from opium, cocaine and other narcotics. "Your Medical Discovery" and Dr. Pierce's Catarrh Remedy have been of great benefit to me," writes (Prof.) Pleasant A. Oliver, of the Medical College of the State of New York. "I have used the above mentioned remedies my sleep was no longer disturbed, but refreshing and healthy. I now feel like a new man. Any one who is afflicted with a diseased stomach should do as better than to take treatment of Dr. J. C. Pierce. I have his medicines at all right in this case of disease."

ONFRATERNITY

President McKinley Speaks to Knights Templars.

Says all Belong to the Brotherhood of American Citizenship.

PRESIDENT'S SPEECH.
"Gen. Barnes, Sir Knights, Ladies and Gentlemen—I thank you for this fraternal welcome. I had no conception that I was to be treated to such a scene as is presented here to-day. And I want to thank my brother Masons and their families and their friends for this more than gracious meeting, which is quite unique, in differing from any of our receptions in the long journey which we have made from the capital city of the nation to this city by the sea."

"We have every variety of association in the United States. In this land of liberty we enjoy the freedom of association together for worthy and noble purposes. We have our fraternal societies; we have our church associations; we have our political connections; but we all belong to a brotherhood to which we are strongly attached, which commands our love and devotion—the brotherhood of American citizenship under a common constitution, engaged in securing the highest rewards for free people by pursuing the paths of duty and honor (Great applause) A brotherhood that represents the highest hopes, not of the people of the United States alone, but we believe the best hopes of humanity. A brotherhood that can never be broken. It stood a great trial thirty nine years ago. It was tried in the awful crucible of war, and the fraternity dedicated to freedom, gloriously triumphs. So, now, it is closer, dearer, more sacred, than it has ever been before in all our history. (Great applause)

"It is a brotherhood devoted to human rights and the development of the best that is in man. American liberty does not change its quality, and American free men do not change their character, wherever they go or wherever they may reside, whether on the sea or on the land. It is that quality and character that scatters its benefits wherever it goes. Liberty, freedom of conscience, equality and opportunity are its passwords. (Great applause)

"What a noble conception it was of the fathers. The founding of this government, not upon the will and judgment and conscience of the many; a government in which all the people of every state participate in a citizenship that is equal everywhere; equal citizenship in equal states in a Union that has never been equalled. (Great applause. And whether American manhood and American liberty go to Cuba or to Porto Rico, or to Hawaii, or to the Philippines. It raises the same standard (great applause) proclaims the same principles that for a century and a quarter this self governing people have enjoyed. And this government of the people, by the people, is committed to the safe and sacred keeping of the men of this generation and of the women of this generation (great applause), and good Masons make good citizens, (applause), and good citizens everywhere, Masons or non Masons, will forever preserve this jewel of liberty in the family of nations. (Great applause)

"I thank you more than I can tell you for this warm welcome. I shall carry away with me the incidents of this memorable reception and the sympathy which you have been kind enough to show me here to-day. (Great applause) The Knights of the Templars could have been no greater. I am proud to have this beautiful flag and the G. O. P. flag that I will not let fall from my hands. (Great applause)

A Lincoln Relic.
Mr. A. C. McElroy is the possessor of a walking stick which he prizes very highly as an historical relic. The cane is made from a plank from the floor of the old Lincoln cabin, in which Robert Lincoln and Nancy Hanks, the parents of Abraham Lincoln, were married, and Mr. McElroy thinks the plank was the identical one on which the bride and groom stood while the nuptial knot was being tied. The marriage bond and the marriage certificate of the father and mother of the immortal Lincoln are

on record in the County Clerk's office at this place, and the date of the marriage as given by that record is June 10, 1846. The old cabin in which Robert Lincoln and Nancy Hanks were married and lived for several years is still standing on the tunkle, near Litesy, this county. In spite of the accepted theory to the contrary, a great many who have investigated the subject believe that Abraham Lincoln was born in that cabin shortly before his parents moved away from the county. Some repairs have been made to the old house recently and part of the old floor was removed and it is from one of the planks of the floor that Mr. McElroy's walking stick was made. The plank is of ash and was cut out with an old-fashioned whip saw, such as was used a hundred years ago—Springfield News Leader.

An Ancient Clock.
Mr. Joseph Pence living on Nolin just below Webb's Mills has a clock which he bought for fifty cents. The clock was sold in Elizabethtown more than one hundred years ago by Noah Willis to Isaac Limon for fifty dollars who paid ten dollars on it and could not pay the remainder. George Cook then a young man working in his shop bought the clock and kept it until his death, he being then an old man eighty old years of age. Joseph Pence bought it at George Cook's sale. Noah Willis in passing through the county stopped at Mr. Pence and recognized the clock, repaired it and it is now keeping excellent time. The works are all made of wood and the clock was made in Connecticut—Elizabethtown News

Great Carving.
"It requires a profound knowledge of political anatomy to successfully carve a state into congressional districts," says a Boston paper. The Democrats of Missouri get 51 per cent of the votes and have seized 94 per cent of the congressmen. One Republican member escaped the scalpel. The operation is one of brute force rather than skill.—Ex.

AN ACCOMPLISHED CUBAN

Eulogizes Peruna as an Efficacious Catarrh Cure.

Gonzalo De Quesada, Secretary of the Cuban Legation in Washington.

Senor Quesada, Secretary of the Cuban Legation in Washington, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theatre, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement, but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."

Peruna does not operate upon the eyes—a local treatment. It operates as a system as the usual remedy does. It is not a tonic remedy. It gives tone to the

weakened nerve centers, and thus gives tone to the mucous membranes that line the various organs of the body.

Catarrh is always located in some mucous membrane. Catarrh is a flabby condition of the blood vessels of these membranes. Peruna gives tone to these vessels and restores them to their natural elasticity.

Miss Martha Wittkopp writes from Greenville, Mich., the following: "When I began your treatment I had catarrh of the head, nose, throat, stomach and pelvic organs. I was troubled with hawking and spitting, caught cold very easily, had almost constant headache. My stomach was all out of order, I did not sleep well, and was more tired in the morning than when I retired. I had backache and was very nervous. In fact, the catarrh had permeated my entire system, and I almost despaired of getting well."

"I wrote you for advice and you advised Peruna. I began to gain right along, and am now well. My parents praise Peruna very much. As for myself, I can't speak well enough of it. I am well and happy and enjoy my life as I never have before. I cannot remember when I have felt as well as I do now." Congressman J. H. Bankhead, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words: "Your Peruna is one of the best medicines I ever tried, and no family should be without your remarkable remedy. As a tonic and a catarrh cure I know of nothing better."

Address The Peruna Medicine Co., Columbus, O., for a free copy of "Summer Catarrh." This book treats exclusively of diseases peculiar to hot weather, is profusely illustrated and should be in the hands of every person suffering with any form of summer catarrh.
